

## LANCASTER PHYSICAL THERAPY & SPORTS MEDICINE

To the Lancaster Community and Beyond:

First and foremost, we wish you and your loved ones safety and health during this difficult time. Most of us have never experienced weeks such as these, and we look forward to returning to our normal routines when it's safe.

At this time, ***Lancaster PT does remain open***. We are treating only essential patients within our practice while encouraging others to continue with their home exercise program with our guidance. We will do our absolute best to keep our patients moving forward in their programs while maximizing safety in this challenging environment. **At our physical location, we are taking extra steps and following the guidelines of the United States Center for Disease Control (CDC) and the World Health Organization (WHO) to protect patients.**

**We are also implementing Telehealth to further assist our patients. If you are interested in this service, please use the "Make An Appointment" tab at the top of our webpage, or feel free to contact the office at 717-517-9612.**

Thank you for taking the time to read this communication. We are a strong community, and together we will rise to the challenge.
